Sir:

This application is a continuation of application Serial No. 09/564,504 filed May 4, 2002 (abandoned), which is a divisional of application Serial No. 08/532,384 filed September 22, 1995, now U.S. Patent No. 6,083,590, which is a continuation application of Serial No. 08/083,590 filed June 25, 1993, now U.S. Patent No. 5,786,158, which is a continuation-in-part of both co-pending application Serial No. 07/955,012 filed September 30, 1992 (abandoned), and co-pending application Serial No. 07/879,038 filed April 30, 1992 (abandoned).

In accordance with the duty of disclosure imposed by 37 C.F.R. § 1.56 to inform the United States Patent and Trademark Office of all references coming to the attention of each individual associated with the filing and prosecution of the subject application which are or may be material to the patentability of any claim of the application, Attorneys for Applicants respectfully direct the Examiner's attention to references A01-A10, B01-B06 and C01-C76, which are listed on the accompanying revised PTO-1449 Form entitled "List of References

Cited by Applicant.” Copies of references A10 and B06 are submitted herewith. Pursuant to 37 C.F.R. §1.98(d), copies of the other listed references are not being provided as these references are of record in the above- identified parent applications.

Identification of the above-listed references is not to be construed an admission of Applicants or Attorneys for Applicants that such references are available as “prior art” against the subject application.

Applicants respectfully request that the Examiner review the foregoing references and that the references be made of record in the file history of the application.

Pursuant to 37 C.F.R. § 1.97(b), since this Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits, it is believed that no fee is due in connection herewith. However, should the Patent Office determine otherwise, please charge the required fee to Jones Day Deposit Account No. 50-3013. A copy of this sheet is enclosed for accounting purposes.

Respectfully submitted,

Date: January 24, 2004
